Nicholas Cazneau, welcome to your new Unite Here Health information site that is personalized to you.

We call it our *Health Benefit Center*, or HBC for short. It's your convenient one-stop destination for information about your benefits, enrollment, wellness and more.

And when open enrollment is over, this site becomes your very own place to go for any information you need when you need to use your plans and to stay healthy. Open 24/7/365.

Your enrollment period is from October 8, 2017 to October 30, 2017.

News from Karen Kent

“Our focus is on creating a level playing field in Chicago. Half the hotels provide good wages and family health benefits. The other half do not. As a member of Unite Here Local 1, you have the advantage of your union representing you to negotiate wages and benefits that clearly put you in the top half. And with all the issues we hear about healthcare in America, Unite Here Health benefits stand out as the best anywhere. Please use the opportunity of open enrollment to use this new personalized Health Benefits Center to help you choose the benefit choice that best meet your personal needs and financial considerations. And after open enrollment, this site is available to you 24/7/365 as a one-stop reference for information on how to use your plans and to stay healthy.”
